## PARENTS AS TEACHERS (PAT)

Home-visiting parent education program that teaches new and expectant parents skills intended to promote positive child development and prevent maltreatment. PAT aims to increase parent knowledge of early childhood development, improve parenting practices, promote early detection of developmental delays and health issues, prevent child abuse and neglect, and increase school readiness and success.

**Target Population:**  
Children ages 0-5 and their families

**Service Duration:**  
1-4 sessions per month depending on need, sessions last approximately 1 hour.

**Available in:**  
Pickens, York, Richland, Colleton, Charleston, Berkeley, Lexington

## FAMILY CENTERED TREATMENT (FCT)

Family Centered Treatment® (FCT) is a home-based trauma treatment. FCT is designed for families who are at-risk of dissolution or in need of reunification. It is also designed to serve youth who move between the child welfare, behavioral health, and juvenile justice systems. During treatment, FCT practitioners aim to help families identify their core emotional issues, identify functions of behaviors in a family systems context, change the emotional tone and behavioral interaction patterns among family members, and develop secure relationships by strengthening attachment bonds.

**Target Population:**  
Youth ages 0-18 and their families

**Service Duration:**  
Multiple sessions per week for up to 6 months. Sessions can last multiple hours.

**Available in:**  
Upstate and Midlands
